- **Eligibility by Points** - Youth fencers who are too young for the next age category can compete in that next age category when they are on the point standings for their age category in that weapon at the entry deadline for the competition or tournament. For example, if an athlete is listed on the National Y10 point standings in men's foil at the entry deadline for the competition or tournament, that athlete can compete in a Y12 men's foil competition even if the athlete is younger than the minimum age required.
- **USFA Membership** — USFA rules will be enforced. All fencers must be current members of the USFA .You will be asked to show your membership card or other proof of membership to the registration committee. USFA membership forms will be available at the tournament.

Initial seeding, seeding after pools and final placements will be posted in the venue. Fencers are responsible for verifying and signing their pool and DE sheets. Changes will not be made after fencing commences. Team Events will be Direct Elimination (teams will be seeded by the finish of the members of the team in the Y14 event).

- **Names on Uniform** – In all three weapons, each fencer's last name must be printed in capital letters between 8 and 10 cm high so that the name is legible from a distance of 15 feet. It can be printed by hand or machine: either (1) on the back of the jacket (in épée) or lame (for foil and saber) between the shoulders; or (2) on the front or side of the thigh of the "rear" leg. Imprinting may be directly on the uniform or on a piece of fabric or lame material that is firmly sewn to the uniform in such a way that it will not detach during fencing or catch the opponent's point. Fabric attached to the uniform must be the same color as the part of the uniform to which it is attached. Conductive materials must be attached in such a way as to not alter the conductivity of the metallic vest or jacket. **Names printed on tape are not acceptable.**
- **Equipment Check** — Prior to fencing you will be required to submit your mask, lame and two body cords for inspection and testing by the event armorers. Equipment must pass the same tests conducted at national events. It is in your best interest to check your equipment *before* the event. Please ask your coach or someone in your club to assist you with this. Repair or replace non-conforming equipment prior to leaving home!
